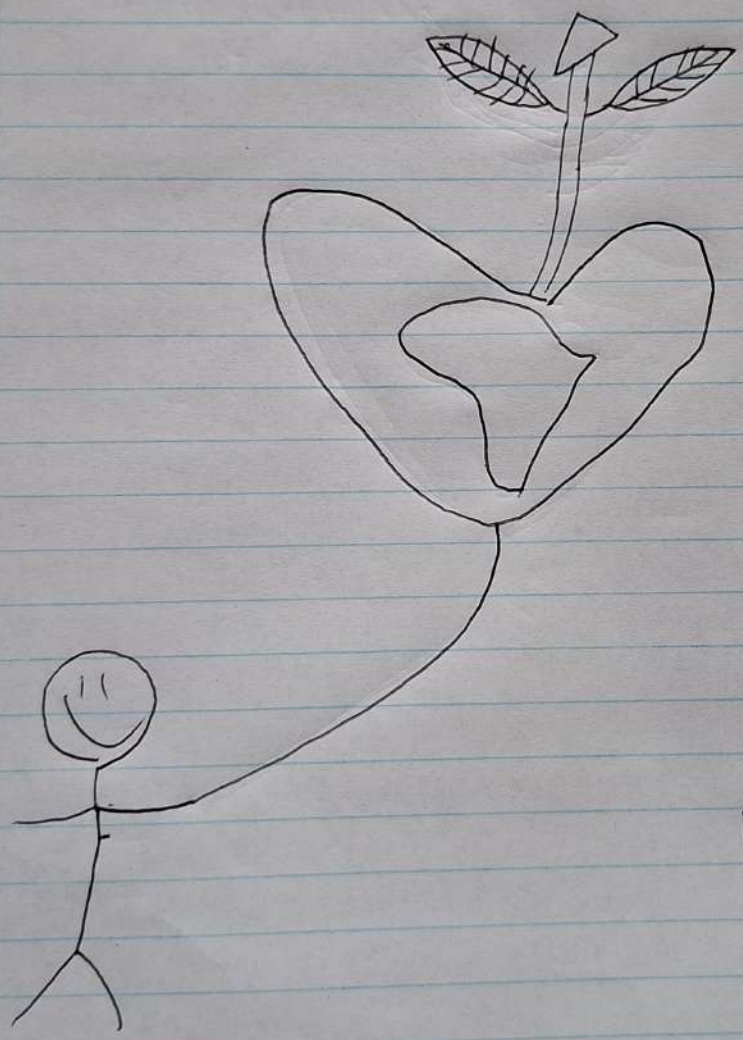
People matter



Stand up
Just do it

Don't take
life to seriously

~~Reflection~~.

Why my logo mark looks the way it does:

While preparing the logomark. i started by dotting down things and I like and what I do most days. I quickly came to realisation that it is shallow and doesn't communicate who I am so I pivoted to traits that make up who I am and show is the reason why I do what I do.

My logomark attempts to show my guiding principles in everything that I do.
